

Solutions for upholstered furniture

ÍNDICE/INDEX

1 Mecanismos para cabeceros y brazos/Mechanisms for headrests and armrests

- 8-21 1.1 Cabezales / *Headrests*
- 22-25 1.2 Cabezales y/o brazos / *Headrests and/or armrests*
- 26-28 1.3 Accesorios / *Accessories*

2 Mecanismos con movimientos/Mechanisms

- 30-34 2.1 Brazos, respaldos, asientos, tapas / *Armrests, backrests, seats, covers*
- 35-41 2.2 Deslizantes / *Sliding mechanisms*
- 42-48 2.3 Mecanismo relax / *Relax mechanism*
- 49-68 2.4 Sofá cama / *Sofa beds*

3 Pies y bases/Furniture legs and bases

- 70 3.1 Pie regulable / *Adjustable legs*
- 71-119 3.2 Pie vertical / *Vertical legs*
- 120-132 3.3 Pie horizontal / *Horizontal legs*
- 133-137 3.4 Pie plástico / *Plastic legs*
- 138-145 3.5 Bases / *Bases*
- 146-147 3.6 Columnas / *Columns*
- 148-149 3.7 Deslizante / *Furniture glides*
- 150-151 3.8 Accesorios / *Accessories*

4 Herramientas y accesorios de tapicería/Upholstery tools and accessories

- 154-163 4.1 Herrajes y accesorios / *Fittings and accessories*
- 164-166 4.2 Ruedas / *Castors*
- 167-196 4.3 Accesorios / *Accessories*
- 197-206 4.4 Herramientas / *Tools*
- 207-211 4.5 Adhesivos, disolventes, limpiadores, etc. / *Adhesives, solvents, cleaners, etc.*
- 212-222 4.6 Tornillería / *Fixings/Nuts and bolts*

5 Maquinaria/Machinery

- 224-245 5.1 Herramientas, maquinaria y accesorios / *Tools, machinery and accessories*

Since the foundation of this company, our guiding principle has always been clear: the future is now. Thanks to this attitude of constant improvement, combined with the knowledge, dedication and hard work of the entire Tomás Solutions team, we have managed to adapt to the challenges of a constantly evolving market.

The new 5000m² facility, due to open in 2021-2022 and proudly featured on the front pages, is further proof of the company's success. All this, together with a constant commitment to technological improvement, is what makes us a leading company in terms of quality, service and customer care.

However, this would not have been possible without the support of all our partners and clients, to whom we are extremely grateful for the trust they have placed in us, which we strive to constantly reinforce.

As a result, Tomás Solutions has become a benchmark company in the sector, paving the way and setting the objectives for the future.

José Fernando Soriano Rubio
CEO

BONN MANUAL

CARACTERÍSTICAS Y OPCIONES:

Mecanismo relax de estilo moderno.

Permite un diseño de butaca mucho más estilizado que con los relax tradicionales.

Reposapiés oculto bajo el asiento.

Carga máxima 130 Kg.

Total libertad de diseño gracias a:

- Diferentes alturas de columna disponibles (140, 170 y 200mm).

- Diferentes diseños de respaldos (ver página 48).

- Posibilidad de regulación en la profundidad de la sentada y en la altura del respaldo.

Respaldo accionado mediante pistón de gas de 500 o 600N, con palanca o mediante el peso del usuario.

FEATURES AND OPTIONS:

This modern style relax mechanism allows for a much more streamlined armchair design than traditional relax chairs.

The footrest is hidden under the seat.

Maximum load: 130kg.

Total design freedom thanks to:

- Different column heights available (140, 170 and 200mm).

- Different backrest designs (see page 48).

- Adjustable seat depth and backrest height.

The backrest is operated by a 500 or 600N gas spring, by a lever or by the weight of the user.

*El mecanismo de la foto es un ejemplo de composición con respaldo con orejeras y palanca manual.

*The pictured mechanism is an example of a composition with earmuff backrest and hand lever.

BONN MOTOR/ BONN MOTORISED

CARACTERÍSTICAS Y OPCIONES:

Mecanismo relax de estilo moderno.

Permite un diseño de butaca mucho más estilizado que con los relax tradicionales.

Reposapiés oculto bajo el asiento.

Carga máxima 130 Kg.

Total libertad de diseño gracias a:

- Diferentes alturas de columna disponibles (140, 170 y 200mm).
- Diferentes diseños de respaldos (ver página 48).
- Posibilidad de regulación en la profundidad de la sentada y en la altura del respaldo.

Posibilidad de versiones en:

- 1 motor en reposapiés y respaldo manual.
- 2 motores (reposapiés y respaldo).
- 3 motores (reposapiés, respaldo y cabeza).

Accionado mediante distintos mandos o botoneras (ver página 48).

FEATURES AND OPTIONS:

This modern style relax mechanism allows for a much more streamlined armchair design than traditional relax chairs.

The footrest is hidden under the seat.

Maximum load: 130kg.

Total design freedom thanks to:

- *Different column heights available (140, 170 and 200mm).*
- *Different backrest designs (see page 48).*
- *Adjustable seat depth and backrest height.*

Different versions are available:

- *1 motor on footrest and manual backrest.*
- *2 motors (footrest and backrest).*
- *3 motors (footrest, backrest and headrest).*

Operated by means of control panel or buttons (see page 48).

Innotec Motion

*El mecanismo mostrado usa respaldo recto normal con anclaje para electrónica.

*The pictured mechanism features a normal straight backrest with electronics anchor.

2.3 Mecanismo relax / Relax mechanism

BONN ELEVADOR/ BONN LIFTER

CARACTERÍSTICAS Y OPCIONES:

Mecanismo relax de estilo moderno.

Permite un diseño de butaca mucho más estilizado que con los relax tradicionales.

Reposapiés oculto bajo el asiento.

Carga máxima 130 Kg.

Total libertad de diseño gracias a:

- Diferentes alturas de columna disponibles (110, 140 y 170mm).
- Diferentes diseños de respaldos (ver página 48).
- Posibilidad de regulación en la profundidad de la sentada y en la altura del respaldo.

Posibilidad de versiones en:

- 3 motores (reposapiés, respaldo y elevador).
- 4 motores (reposapiés, respaldo, cabezal y elevador).

Accionado mediante distintos mandos o botoneras (ver página 48).

IDEAL PARA PERSONAS CON MOVILIDAD REDUCIDA.

FEATURES AND OPTIONS:

This modern style relax mechanism allows for a much more streamlined armchair design than traditional relax chairs.

The footrest is hidden under the seat.

Maximum load: 130kg.

Total design freedom thanks to:

- *Different column heights available (110, 140 and 170mm).*
- *Different backrest designs (see page 48).*
- *Adjustable seat depth and backrest height.*

Different versions available:

- *3 motors (footrest, backrest and lift mechanism).*
- *4 motors (footrest, backrest, headrest and lift mechanism).*

Operated by means of a control panel or buttons (see page 48).

IDEAL FOR PEOPLE WITH REDUCED MOBILITY.

*El mecanismo mostrado usa respaldo cónico con anclajes para electrónica.

*The pictured mechanism features conical backrest with electronics anchors.

WURZBURG MANUAL

CARACTERÍSTICAS Y OPCIONES:

Mecanismo relax para butaca de estilo moderno.

Con el mecanismo extendido se obtiene una zona de reposa pies muy larga.

Reposapiés en forma de pala.

Total libertad de diseño gracias a:

- Diferentes alturas de columna disponibles (140, 170 y 200mm).
- Diferentes diseños de respaldos (ver página 48).
- Posibilidad de regulación en la profundidad de la sentada y en la altura del respaldo.

Respaldo accionado mediante pistón de gas de 400N con palanca.

FEATURES AND OPTIONS:

Modern style relax mechanism for armchair.

The extended position offers a very large footrest. Paddle-shaped footrest.

Total design freedom thanks to:

- Different column heights available (140, 170 and 200mm).
- Different backrest designs (see page 48).
- Adjustable seat depth and backrest height.

Backrest operated by 400N gas spring with lever.

*El mecanismo mostrado usa respaldo recto normal.

*The pictured mechanism features a normal straight backrest.

2.4 Sofá cama / Sofa beds

ROMA

Mecanismo sofá litera de fácil apertura en tan solo un movimiento, al mismo tiempo se coloca la escalera automáticamente. El mecanismo una vez abierto se bloquea para evitar cierres accidentales.

Easy to open sofa bunk bed mechanism, in just one movement – and the ladder is raised simultaneously. Once opened, the mechanism locks to prevent accidental folding.

*T1= Termosellado a una cara.
*T2= Termosellado por las dos caras.
*G1= Gofrado (con dibujo) a una cara.

Tejido sin tejer resultante del proceso de punzonado y termofijado de distintas fibras sintéticas.

Los principales sectores donde se usa este tipo de tejidos son:

- Fabricantes de muebles y colchones.
- Componentes de automoción y caravanas.
- Usos agrícolas.
- Higiene y salud.
- Construcción.

Se puede producir en una amplia gama de pesos (desde 70 gr/m2 hasta 250 gr/m2) y composiciones para conseguir adecuarse al uso deseado.

*T1= Heat-sealed on one side.

*T2= Heat-sealed on both sides.

*G1= Embossed (with pattern) on one side.

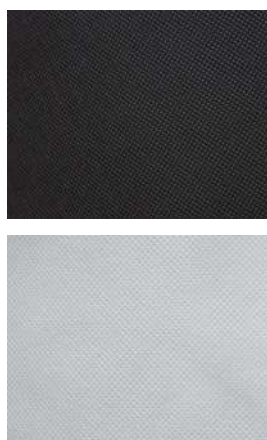

Non-woven fabric produced by needle punching and heat setting different synthetic fibres.

The main sectors where this type of fabric is used are:

- Furniture and mattress manufacturers.
- Automotive and caravan components.
- Agricultural uses.
- Hygiene and health.
- Construction.

This can be produced in a wide range of weights (from 70 gr/m2 to 250 gr/m2) and compositions for the desired use.

Tejido sin tejer fabricado a partir de polímeros de polipropileno (PP). Mediante un proceso de enlazado (spunbonded) y presión, se obtiene una superficie textil blanda y muy resistente. Dentro de sus múltiples usos se encuentran:

- Tapizado o recubrimiento de los bajos de muebles (sofás, sillas, canapés...).
- Mantelería para restauración.
- Enfundado de almohadas.
- Usos sanitarios.

Non-woven fabric made from polypropylene polymers (PP). This soft and highly resistant textile surface is obtained through a process of spunbonding and pressing.

Among its many uses are:

- Upholstery or covering of furniture bases (sofas, chairs, bed frames...).
- Table linen for catering.
- Sheathing of pillows.
- Sanitary uses.

*Posibilidad de ignifugar y de fabricar en otros grosores o colores. Consultar. Tela de poliéster 100% unida a una capa de espuma de diferentes grosores, a elección del cliente. También se puede fabricar con espumas auto-extinguibles, para evitar riesgos de incendio. Usada principalmente para tapizar armazones de muebles tapizados desenfundables, o para tapizar interiores o asientos de coches, furgonetas...

*Can be fireproofed or manufactured in other thicknesses or colours. Please enquire. 100% polyester fabric bonded to a layer of foam of different thicknesses, depending on the customer's needs. It can also be manufactured with self-extinguishing foams to avoid fire hazards. Mainly used for upholstering furniture frames with removable covers, or for upholstering car interiors or seats, vans...

PLETINA LED TÁCTIL/ TOUCH LED PANEL

Aplique Led SERIE NOA para empotrar.

Fabricado en acero inoxidable brillo, incorpora en su interior de 12 a 42 Led SMD configurados en línea (según modelo). Alimentados a baja tensión 12 Vcc. y un consumo muy reducido. No emite calor.

APLICACIÓN

Elementos de mobiliario (camas, armarios, estantes, vitrinas, etc.).

SENSOR DE ENCENDIDO

Con este sistema se facilita la instalación de forma que cada aplique se conecta directamente al transformador sin necesidad de ningún cableado adicional para colocar interruptores. Se pueden conectar tantos equipos como capacidad del transformador. Es conveniente un interruptor adicional en primario.

Made of gloss stainless steel, it incorporates 12 to 42 SMD LEDs arranged in line (depending on the model).

Powered at low voltage 12 V DC. These consume minimal energy and do not emit heat.

APPLICATION

Furniture elements (beds, wardrobes, shelves, display cabinets, etc.).

SWITCH-ON SENSOR

This system simplifies installation by enabling each appliance to be connected directly to the transformer without the need for any additional wiring to fit switches. The number of devices that can be connected depends on the capacity of the transformer.

Please note that an additional primary switch is desirable.

REF.	COLOR LED LED COLOUR	ACABADO FINISH	ALIMENTACIÓN POWER	mA.	V.	W.

NUEVO INTERRUPTOR ELECTRÓNICO

Nueva electrónica para el encendido y apagado de nuestros equipos de led a 12vcc.

Desarrollada para evitar la instalación de interruptores y su cableado.

Cada equipo incorpora su propia electrónica. (LD600/XXX/S) Se activan/desactivan al poner la mano delante del sensor (no necesita contacto físico)

NEW ELECTRONIC SWITCH

New electronics to switch our 12V DC LED equipment on and off.

Developed to avoid installing switches and wiring.

Each unit incorporates its own electronics. (LD600/XXX/S) Activated/deactivated by placing your hand in front of the sensor (no physical contact required).

Cola de contacto en aerosol para uniones resistentes, flexibles y duraderas.

Aerosol contact adhesive for strong, flexible and durable joints.

SPRAY ADHESIVO TEMPORAL TAKTER 650

TAKTER 650 TEMPORARY ADHESIVE SPRAY

REF.	MEDIDA SIZE	
0018484	500 ml	1

-Especialmente indicado para mantener firme el tejido durante el cosido, corte o confección.

-No deja residuos ni mancha las superficies.

-Used to hold the fabric firmly in place during sewing, cutting or tailoring.

-Does not leave residues or stain surfaces.

SPRAY ADHESIVO REPOSICIONABLE 75 3M

3M REPOSITIONABLE 75 SPRAY ADHESIVE

REF.	MEDIDA SIZE	
453802004	500 ml	1

-Ideal para la sujeción temporal de materiales ligeros (tejidos, cartón, papel)

-Transparente, no mancha ni cala o arruga los materiales.

-Permite realizar uniones en pocos segundos y puede retirarse numerosas veces para cambiar la posición de los materiales.

-Ideal for temporary fastening of light materials (fabrics, cardboard, paper).

-Transparent, does not stain, smear or crease materials.

-This allows joints to be made in a few seconds and remains tacky to allow materials to be repositioned repeatedly.

SPRAY ADHESIVO SUPER 77 3M

3M SUPER 77 SPRAY ADHESIVE

REF.	MEDIDA SIZE	
0003370	500 ml	1

-Une materiales ligeros (tejidos, plásticos, aislamientos...)

-Color claro

-No tiende a calar.

-Permite fijaciones débiles o más fuertes.

-Bonds lightweight materials (fabrics, plastics, insulations...).

-Light-coloured.

It does not tend to penetrate.

-For weak or stronger fixings.

BOTE MONTAKIT PEGADO DIRECTO UHU

UHU MONTAGEKIT CARTRIDGE, DIRECT GLUE

REF.	MEDIDA SIZE

Sistema de embrague deslizante con regulación interior.

Reversible.

FOR SPORADIC USE

Slip clutch system with internal adjustment.

Reversible.

ATORNILLADOR NEUMÁTICO CON EMBRAGUE/ CLUTCH PNEUMATIC SCREWDRIVER

REF.	0016790
MODELO/MODEL	YA 8063 N
VELOCIDAD r.p.m./ VELOCITY rpm	800
CONSUMO l/min./INTAKE l/min	500
MEDIDA mm/SIZE mm	200
PESO Kg/WEIGHT kg	1,20

USO INTERMITENTE

Sistema de embrague con regulación interior.

Reversible.

Para trabajos que exigen gran potencia.

FOR SPORADIC USE

Clutch system with internal adjustment. Reversible.

For heavy-duty work.

TALADRO NEUMÁTICO/ PNEUMATIC DRILL

REF.	0010848
MODELO/MODEL	YA 840 R
VELOCIDAD r.p.m./ VELOCITY rpm	1.800
CONSUMO l/min./INTAKE l/min	500
MEDIDA mm/SIZE mm	160
PESO Kg/WEIGHT kg	1,20

USO INTERMITENTE

Ideal para trabajos en todo tipo de materiales.
Reversible para usos puntuales como atornillador.
FOR SPORADIC USE
Ideal to work on all types of materials. Reversible
to occasionally be used as a screwdriver.

CORTADORA DE TELA A BATERÍA/ CORDLESS FABRIC SHEAR

- Profundidad de corte: 11mm
- Cuchilla con autoafilado
- Sistema ECP (Electronic Cell Protection) de BOSCH.
Protege la batería contra sobrecarga, sobrecalentamiento y descarga total.
- Depth of cut: 11mm.
- Self-sharpening blade.
- BOSCH's Electronic Cell Protection system.
Protects the battery against overcharging, overheating and total discharge.

BALANZA INDUSTRIAL SERIE K3/ K3 SERIES INDUSTRIAL SCALE

LA MÁS RESISTENTE

- 6 tamaños de plataforma con estructura pintada epoxy y plato de acero inoxidable.
- 4 tamaños de plataforma con estructura y plato de acero inoxidable.
- Display LCD con iluminación interna automática muy brillante.
- Conexión de serie para impresora y PC o display remoto (opcional).
- Función auto hold de 4 niveles para pesar objetos de gran tamaño.
- Función de comprobación alto/ok/bajo con indicación óptica y acústica.
- Clasificación por peso.
- Memoria de 100 productos para cuentapiezas y 20 taras numéricas.
- Memorización de la última pesada.
- Autodesconexión programable.
- Célula de pesada monotype RX3 de gran resistencia y precisión.

Alimentación: 230 V/50 Hz (Euro) 11 V AC.

Batería: Tiempo de servicio 30/60 horas.

Temperatura de trabajo: +5°C /+35°C.

THE MOST RESISTANT ONE

- 6 platform sizes with epoxy painted structure and stainless-steel pan.
- 4 platform sizes with stainless steel frame and pan.
- LCD display with automatic bright backlight.
- Serial connection for a printer and PC or remote display (optional).
- 4 levels of auto-hold to weigh large objects.
- Check function high/ok/low with visual and sound indication.
- Weight classification.
- 100-product memory for piece counting and 20 digital tares.
- Last weight memorisation.
- Programmable auto power off.
- Monotype RX3 weighing cell with high resistance and precision.

Power: 230 V/50 Hz (Euro) 11 V AC.

Battery: Operation time 30/60 hours.

Operation temperature: +5°C /+35°C.

OPCIONES DISPONIBLES

- Indicador K3i.
- Batería opcional 6V/5Ah.
- Salida de relés.
- Doble salida de datos, impresora y RS 232-C.
- Impresoras PR3 y PR3-W.
- Displays remotos RD3 y RD3-W.
- Software Virtual Key para PC, captura de datos.
- Pedal de tara.
- Soporte para columna y pared de acero inoxidable.
- Soporte para pared de acero pintado.
- Columna y base de acero inoxidable (K3i).
- Columna de acero inoxidable y base pintado epoxy (K3).
- Opción celula OIML-C3.

AVAILABLE OPTIONS

- K3i indicator.
- Optional battery 6V/5Ah.
- Relay output.
- Double data output, printer and RS 232-C.
- PR3 and PR3-W printers.
- Remote displays RD3 and RD3-W.
- Virtual Key software for a PC, data capture.
- Tare pedal.
- Stainless steel column and wall support.
- Painted steel wall support.
- Stainless steel column and base (K3i).
- Stainless steel column and epoxy painted base (K3).
- OIML-C3 load cell option.
